Part 6: Recognizing mistakes. Multiple choice exercise. Directions: In this part of the test, four words or phrases are underlined in each sentence. Choose the words that you think are correct. In this case, you do not need to write their names, but simply select the words. For example, the third sentence says "overkill" and that word is probably the correct answer. Don't be afraid to write longer sentences. You can use any vocabulary you like - words, sentences and song excerpts. If you write something like "I love him very much", it is not necessarily the wrong answer.
