example: V2000-c RFID Card Card Reader Access Control System - Hidden Code Counter We are the leading manufacturer of commercial grade RFID access control systems. Super rare Acs 7-Wire V2000-C Access Control System. Get a FREE Scan! Emmet Asher-Perrin - Wikipedia [Public domain] All rights reserved. Home Security Camera Systems. Custom Software Development Wokr. Vertex XE series The VXE series is designed specifically for keyless entry. The unit can be programmed to either operate on a time, motion, or motion and time basis. The VXE Series is very simple to program and maintain. Motion sensors are on both the front and back of the unit. This advanced series is more than just a keyless entry system. An alarm and viewing camera can be connected. The VXE series is available with a programmable memory in either micro or 128MB and offers three different mounting options. A switch is provided for volume control. This switch provides the ability to control the volume from the remote control. The VXE series has very low false alarm rates (less than 0.1%) and read error rates (less than 10%). It has a 10-year battery life and features a battery monitor that sends an alarm when the battery runs down. The VXE series is a compact, reliable, easy to program, and easy to use.) .
