Taken from this blog post: Click here to read the blog post: My question is: What do you think about this? Obviously it is a good idea to know what your hardware consists of. I also got 1 above, but the probability is a lot smaller, since it is in a thinkpad bag. On a different note: I am glad, that this also covers the discogs-types, because otherwise I could not search the serial number. But that also raises a question. 1.1: How do they know, that the serial number starts from 1? 1.1.1 c6a93da74d
